Dear Mr. Stoddart,

As Mayor of the City of Pensacola, I am writing to express support for the proposed extension of the Pensacola Bay Bluffs Scenic Highway, designated under the Florida Scenic Highways Program.

The City of Pensacola is proud to serve as a steward of Northwest Florida's natural and cultural heritage and to participate in regional efforts that highlight the scenic, historic, and ecological value of our community. The proposed corridor extension will formally recognize the intrinsic qualities of the Pensacola Bay waterfront, extending the designation southwest to Naval Air Station Pensacola and north to the University of West Florida campus. This continuous corridor will showcase the region's rich history, vibrant public spaces, and exceptional scenic views along one of Florida's most storied coastlines.

The City recognizes the Florida Scenic Highways Program's emphasis on preserving and enhancing the intrinsic qualities of Florida's roadways, and we view this extension as an opportunity to further align local and state efforts in resource protection, context-sensitive design, and community engagement.

We appreciate the leadership of Bluffline, Inc. in coordinating this effort, and we welcome continued collaboration as the corridor extension moves forward.

Sincerely,
